

# Correlation and Regression Lines - A quick recap #3

Here are the test scores of 10 students in physics and history:

Physics Scores 15 12 8 8 7 7 7 6 5 3  
History Scores 10 25 17 11 13 17 20 13 9 15

When a student scores 10 in Physics, what is his probable score in History? Compute the answer correct to one decimal place.

**Output Format**

In the text box, enter the floating point/decimal value required. Do not leave any leading or trailing spaces. Your answer may look like: 5.5

This is **NOT** the actual answer - just the format in which you should provide your answer.
