

Databases - Natural Joins

Relation **R(A,C)** has the following tuples:

A : C

3,3

16,4

12,3

3,15

27,1

Relation **S(B,C,D)** has the following tuples:

B : C : D

50,1,6

1,55,8

4,3,9

The following tuple is in the result of the natural join between **R and S** where tuples are structured as (A,B,C,D):

27, **X**, **Y**, **Z**

In the answer box, fill up the values of the integers **X, Y and Z** in three separate lines. e.g.

10
20
30
